As a word of explanation we would say that, although this report does not show any amount expended for new books, we have made a selection and the order has already been placed. We have given careful consideration to the selection of these books and have included those which would be of use to students in their school work. We have also endeavored to obtain books which will help fill a growing need for more and better children's reading.

Our thanks are due Miss Salina E. Sanborn of North Danville for the gift of twenty-eight volumes of Dickens' works. We are also to receive from the New Hampshire Public Library Commission a gift of books which, with those purchased, will add considerably to our Library.

## SUPERINTENDENT'S REPORT

---

*To the School Board and Citizens of Danville:*

I herewith submit my eighth annual report. Your consideration is respectfully asked. Notice the tables which follow.

### PERSONNEL

For the third successive year, you have not changed teachers. The continuous service which your staff has given you indicates much in the way of their loyalty to you and your children as well as your appreciation. Continuity of training remains unbroken with a resulting continuity of progress on the part of your pupils. In some systems teachers advance from grade to grade with their pupils. The plan has much merit but is unnecessary in your system as the same aim is already accomplished.

### PUPILS

The progress of your pupils is well illustrated by the following results taken from the May, 1934, tests.

	<i>Reached or bettered the grade</i>	<i>Below grade</i>
Grade 1 .....	7	0
Grade 2 .....	8	0
Grade 3 .....	8	2
Grade 4 .....	9	0
Grade 5 .....	9	1
Grade 6 .....	2	3
Grade 7 .....	5	1
Grade 8 .....	7	2

The results on the whole are pleasing and reflect sound and effective instruction. However, there are two grades which

present a major problem for the teachers to correct during the present year. Lofty as it may seem the aim of present-day education is against pronouncing any child a failure. Rather the stress should be to adjust the work to the ability of the child.

### COSTS

Below you will note a comparison of elementary school costs for each of the districts in this Union. A comparison of last year's net costs with those of the year before indicate just how much of a reduction has been accomplished. In your case the decrease is slight, due to a rather stable enrollment, but shows a will on the part of the Board to keep costs down in accordance with the trends of the times. The value of State Aid to you is well illustrated by an examination of the following statistics.

#### PER PUPIL COSTS 1933-34

District	Average No. Elem. Pupils	Per Pupil Cost	State Aid Per Pupil	Net to District	1932-33
Brentwood .....	\$89.22	\$62.74	\$24.17	\$38.57	\$38.83
Danville .....	71.81	59.56	22.31	37.25	39.16
East Kingston ....	37.06	106.82	24.27	82.55	84.73
Epping .....	305.45	47.33	16.56	30.77	34.12
Fremont .....	97.90	47.40	13.06	34.34	51.14
Kingston .....	137.72	65.16	20.16	45.00	48.76
Sandown .....	48.09	68.08	31.27	36.81	44.86
South Hampton ....	32.63	96.11	31.87	64.24	82.56
(State Median) ...		72.465			

### IMPROVEMENTS

The Eaton School shingling has been completed since the last report. Screens for windows and doors have been provided and are well worth the expense. The bother of flies in Spring and Fall has been eliminated. Some thought of painting the North Danville School should be in your minds. You should also consider the installation of sanitary toilets for the Eaton School!

### APPRECIATION

The past year has been very trying and difficult. But midst it all, we find a ray of hope in the loyal support accorded the schools by the citizenry of Danville. I express my gratitude

to all who have contributed to the successes of the past year. The local Parent-Teacher Association is a wonderful help both as a contributing agency for dental work and as a medium for interpreting child problems into practical schoolroom procedures and understandings. To the School Board and teachers, I am most appreciative. Their co-operation has been of the right sort and has contributed much toward the advancement of the children's interests and progress.

Respectfully submitted,

HAROLD C. BOWLEY,  
*Superintendent of Schools*
